

What is an Endocrinologist?

A doctor in a white coat with a stethoscope is shown from the chest down, typing on a laptop keyboard. The image is overlaid with a blue geometric design consisting of diagonal lines and shapes. The text "What is an Endocrinologist?" is written in large, white, bold letters across the top. In the bottom left corner, the text "@pcosvitality" is written in white.

**An endocrinologist
is a doctor that
treats diseases
related to problems
with hormones.**

What is Endocrinology?

Endocrinology is the study of hormones. Hormones are essential for our every-day survival. They control our temperature, sleep, mood, stress, growth and more

A background image showing a smiling man and woman in a medical setting, possibly a doctor's office. The man is on the left, looking up and to the right, and the woman is on the right, looking towards the camera. They are both wearing white lab coats. The image is overlaid with a semi-transparent teal banner that contains the text.

Polycystic ovary syndrome(PCOS) is a hormone disorder defined by a group of signs and symptoms including acne, excess facial & body hair, irregular or absent periods & problems conceiving to name a few.

If you think you have any of these symptoms you may wish to speak to your GP about booking an appointment with a general or reproductive endocrinologist.
